- Produce Volumetric information
- Produce Incident and Problem statistics

1994 – June 2000 **National Westminster Bank** London

Environment Team Leader Grade P2 Appointed Officer

For the last 2 years I have performed the role of Shift Leader for 6 months each year due to the Shift Leader performing other duties.

- Operations run within set overtime budget
- 16 New Applications taken on in 1999 with no increase in staffing levels.
- Environment Team Leader role also covered
- Millennium Test Environment supported. Millennium role over period negotiated with no significant problems

The Environment Team Leader Role involves managing a team of 4 Operations Technicians that monitor and control the banks IBM mainframe platforms and Networks from a central location. A highly demanding technical role that also requires man management skills.

- Keep the Show on The Road. I am committed to and provide high levels of customer service within SLA/OLA time scales.
- 27 MVS images supported centrally
- Recognition Award received in 1999 for Millennium Test Environment Support.
- Windows NT support carried out from 1997 - 1998

1989 – 1994

Environment Team Member Grade IT8 Appointed Officer

Working within a team of Operations Technicians as above.

- Making the transition from single centre operations to central operations whilst maintaining a high quality service
- Keying up the first projects into the Automated Scheduling package OPC
- Taking on Application and System recovery tasks.

1986 –1989

Computer Operator Grade DP5

Operating the Banks Mainframe computers

- IBM, Amdahl and Tandem operating skills

1980 –1986

Computer Operator Grade DP4

As above

1970 – 1980

Peripheral Operator Grade BG2

Various roles including Clearing, Tapes, Disks and Printers. Often running a small team of operators to provide a fast and efficient service to the mainframe operators.
